Introducing Rapid-Adjust Technology featuring MemoryArc™

Set primary hole on.

Turn the Full-Rot Adjustment Screw for full-circle operation.

Turn to part-circle again for either Arc A or Arc B setting.

No need to adjust arc when going between full- and part-circle settings.

More versatility. Less wire. Upgrade to the ultimate in flexibility and complexity—order your Rain Bird™ and PSI Golf Rotor with optional Rain Bird™ IC™ system functionality. Learn how IC™ technology works at www.rainbird.com
